COMPANY HISTORY

Everight Diagnostic & Laboratory Services Ltd is a leading medical diagnostic service provider in Nigeria, incorporated on May 12th, 2005, with RC No. 623921. It was started by Everest Okpara, a strategist with general solid business acumen and administrative aptitude, in a three-room apartment in Ojo, Lagos State. The Lagos office is the Company's first branch office and doubles as its registered office. In 2013, the Company opened another branch on Assumpta Avenue (Bank Road), Owerri, Imo State. To meet the increasing demand of its rising client base, the Company set up its third and fourth branches in Owerri Mall, Owerri and Okigwe in Imo State in 2016 and 2017, respectively.

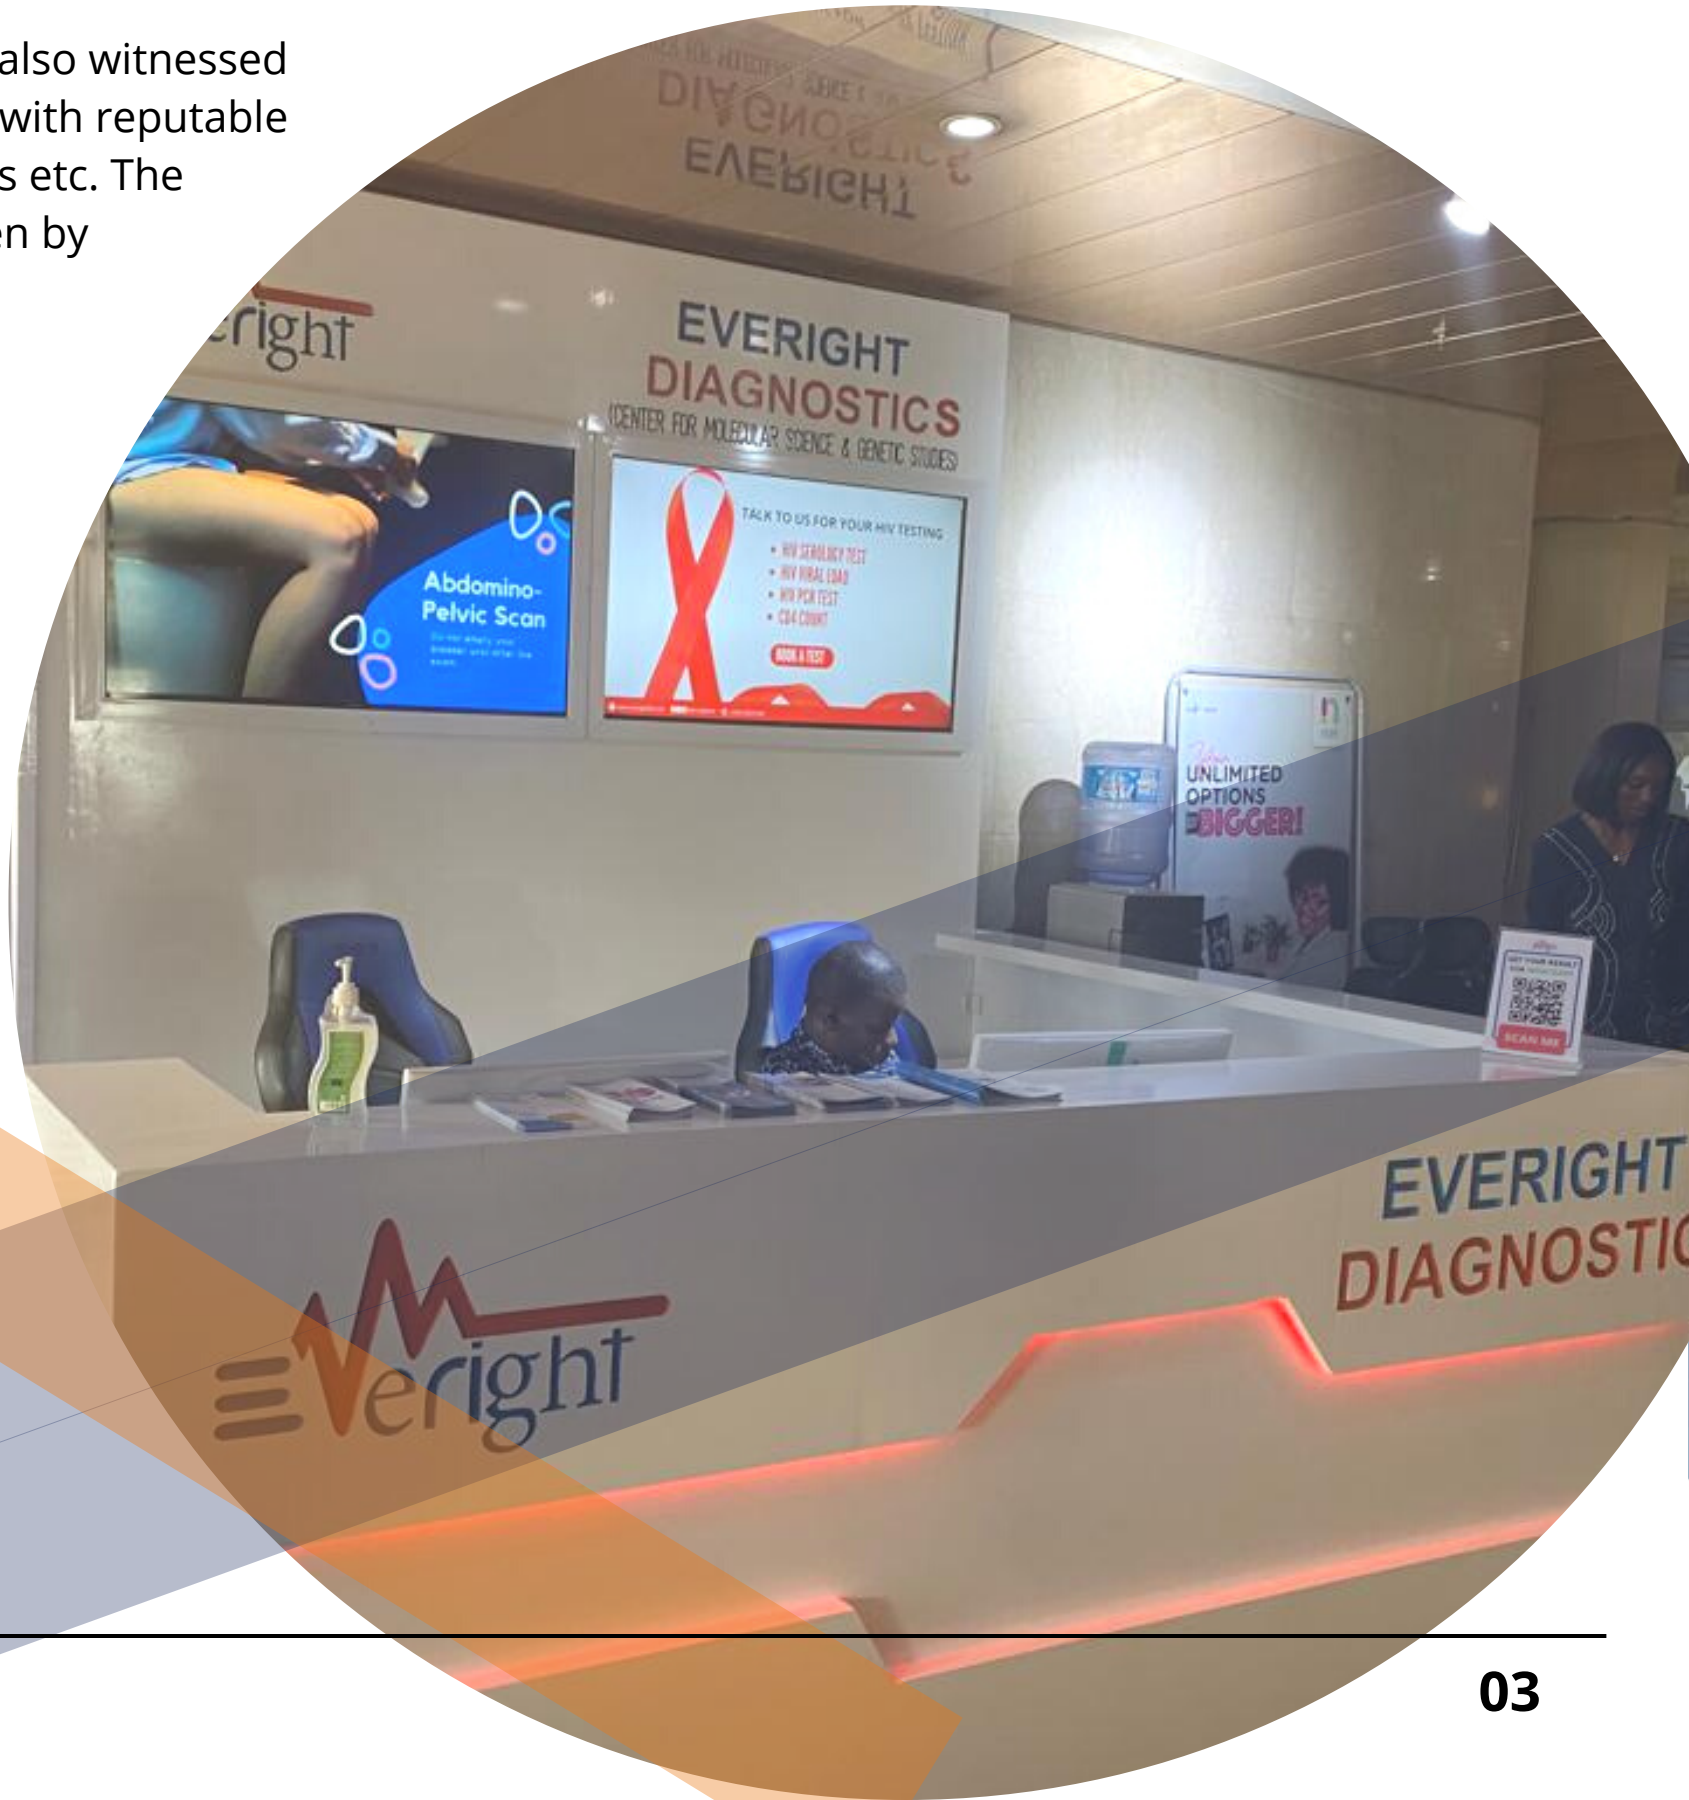

Everight developed into a level-3 biosafety laboratory with molecular capabilities at its branch in Owerri in 2019 and became the first private laboratory to obtain the approval of the Medical Laboratory Council of Nigeria to offer COVID-19 PCR tests in Nigeria and also one of the first sets of laboratories approved by the Nigeria Center for Disease Control to provide real-time COVID-19 PCR testing. In 2020, it moved its branch in Okigwe to Abuja; the facility in Abuja was named the Company's headquarters in November 2021. In a bid to maintain its culture of excellence and innovation, Everight started its branch in Abuja with a well-equipped level-3 biosafety laboratory with molecular capabilities using state-of-the-art medical imaging technology, including a 1.5 tesla MRI machine, 64 slice CT machine, 5D ultrasound machines, advance digital x-ray machines. In 2021, the Company acquired a permanent office complex for its branch in Ojo, Lagos State.

COMPANY HISTORY

In April 2022, Everight set up a liaison office at Transcorp Hilton Hotel, Abuja, as its penetrative marketing strategy. Over the years, Everight has made tremendous growth in its services, technology, equipment and human capital development. Its services have expanded from basic medical laboratory testing to advanced medical diagnoses, including Microarray and Genotyping, Specialized BSL-3 Facility (TB - Lab), Genetic Analysis, Paternity Testing, PCR, and 5D ultrasound scan, CT, MRI etc. It included sending results electronically on request, home and ambulance services in its service offering in 2014, 2019 and 2020.

The company's revenue and client base have also witnessed a significant increase, ranging from contracts with reputable organisations, doctors referrals, private clients etc. The number of clients' visits to our offices has risen by 7 -10.2% monthly in the last 12 months.

COMPANY GOALS

As a company, we aim to promptly accomplish the medical diagnostic needs and expectations of every client. Our goals are:

- To ensure that our physical environment is comfortable, clean and serene for all clients;
- To provide attentive and friendly reception for all clients;
- To keep waiting times as short and as sensibly possible;
- To give preference to clients based on diagnostic urgency;
- To make all reports/results available to referrers/clients within 24 hours after medical production of reports/results

CORE COMPETENCIES

Laboratory System

Everight operates a complete functional medical laboratory system that produces high-quality results.

Leadership

It motivates and inspires its staff to take action towards achieving its corporate goals.

Management

Everight has been effective and efficient in achieving high-quality medical test results using available resources.

Quality Management System

The company implements and sustains a quality management system and a quality culture in its operations.

Biosafety and Biosecurity

Its laboratory system is operating to optimally minimise the risks related to biohazards generated both externally and internally.

AWARDS & RECOGNITIONS

The Company's contributions to the development of healthcare have attracted recognition and awards from several professional and humanitarian bodies, which include

- Award of recognition from The Guild of Medical Laboratory Directors of Nigeria in 2019
- Award of Excellence from the Nigeria Medical Students Association (NIMSA), in recognition of the Company's support to the growth of medical education in Nigeria in January 2015
- Vocational Service Award from Rotary Club of Owerri Central in July 2016
- Award of Excellence from Nigeria Medical Association, Owerri Zone in 2015
- Golden Service Award from Rotary Club of Nigeria, District 9142, Owerri in 2020
- Innovation and Entrepreneurship in Medical Laboratory Service Delivery award from the Medical Laboratory Directors of Nigeria (Imo State Chapter)
- Award from the Medical Laboratory Directors of Nigeria (Imo State Chapter) 2021
- Medical Diagnostic Leadership Award from Chukwuemeka Odumegwu Ojukwu University, 2021
- WAWUC Star award from Walk With Us Cancer Foundation in 2021
- A nomination for Most Outstanding COVID-19 Private Laboratory Company for the Year 2021 by Global Health Project and Resources in Partnership with Anadach Group
- Medical Diagnostics Leadership award from Nigeria Union of Journalists, Imo State in 2021
- Icon of Modern Health Award from Nigeria Union of Journalists, Imo Council in 2021
- Rossy Foundation International Germany & Heart of Gold Foundation, Austria in 2022

Mission

To become a world class medical diagnostic tourism destination through provision of accurate diagnostic services benchmarking world class standards, implementing standard procedures with the latest technologies , employment of experience professionals and administrative expertise.

A world-class medical diagnostic tourism destination with capacity to serve the needs of Nigerians and clients from other part of the world.

Vision

Our Values

These guiding principles are responsible for our actions and behaviours in the attainment of our goals and vision.

We are a value-led business, conducting ourselves in a manner that is consistent with our beliefs, character and culture; showing our team, partners and clients that we have their best interest in mind.

We appreciate the importance of our clients' health and wellbeing; we never take chances and deliver the best possible service in every situation to ensure that patient welfare is of utmost priority.

We are cutting-edge, flexible, embracing science and technology; we think big, wide, and outside the box to meet our clients' and industry's ever-evolving needs.

We understand the power of working with others and harnessing our combined skills to achieve shared goals; we guarantee our clients' satisfaction and deliver the best customer experience because we know what we are doing.

We pride ourselves on our strict adherence to clinical global best practices; we maintain high standards across our operations to guarantee that each and every result reported in any of our centres is accurate and reproducible.

Professional Services

We Have a Huge Reserve of Technical Experts and Experience

A close-up photograph of a microscope, showing the eyepiece and objective lenses. The background is blurred, showing other laboratory equipment. The image is overlaid with a dark blue and orange geometric design.

Medical Laboratory

Our medical laboratory services analyse human tissues, body fluids and excretions for medical diagnosis and research. Each of our laboratories is managed by a highly competent laboratory director whose qualifications include molecular diagnostics, microbiology, specialist pathology and histopathology.

Our services include:

- Clinical Pathology
- Immuno- and General Haematology
- Endocrinology
- Immunology
- Serology
- Microbiology
- Histopathology and Cytopathology

We are essentially a 'one-stop shop' for approximately 90% of all pathology requirements, using state-of-the-art medical equipment, and are committed to providing accurate results on time.

We have also developed a robust and efficient specimen pick-up service to ensure that your results are processed and delivered quickly. Our logistics team is professionally trained in all aspects of sample collection, from sample quality and quantity to sample type and temperature, be it frozen, refrigerated or ambient.

Should you require more specialised immunology, molecular genetics, chromosomal analysis and specialised histopathology - we have trusted referral relationships in Europe, USA and India.

All our results are supported by quality processes carried out to rigorous international accreditation standards.

Medical Imaging

Our imaging departments offer a total package, ranging from paediatric radiology and neuro-radiology to general diagnostic radiology:

- XRay Radiography
- Fluoroscopy
- 1.5 Tesla Magnetic Resonance Imaging (MRI)
- 64-Slice Computed Tomography (CT)
- Positron Emission Tomography (PET)
- Ultrasonography (3D/4D/5D)
- Digital X-Ray (D.R. Technology)
- Digital Mammography (D.R. Technology)
- Echocardiography (Echo)
- 12 Channel Stress Electrocardiography (ECG)
- Electroencephalography (EEG)

Our centres are also equipped with the latest digital archiving communication system to review, analyse, manage and store digital images.

Importantly, radiology equipment and environments often appear cold and intimidating but our team is trained and motivated to give maximum care and support to patients during their examinations.

Molecular **Diagnos**tics

Molecular biological testing is arguably the fastest growing field of medical laboratory science. The polymerase chain reaction (PCR) method combines analysis of resistance determinants and/or virulence factors. Some investigations we offer include:

- DNA Paternity Testing
- HIV Viral Load
- BRCA 1 & 2 for Breast Cancer Screening
- HPV-PCR
- HPV-Genotyping
- Hepatitis B Virus
- Real-time PCR based COVID-19 test encompassing:

Medical Research

Our Centre for Molecular Science and Genetic Studies offers research programs such as:

- Training/Practicum for Undergraduates and Post-Graduates
- Special Molecular Diagnostic Training
- Research Lab for Doctorate Students and Researchers
- Research Lab for Project-Based Studies for Corporates
- Special Training Programs on Biosafety Practices

Laboratory Management Services

Everight provides laboratory management systems within hospitals and healthcare centres. Our services support medical staff and hospital administrators in achieving and maintaining excellence in their lab services. Our services include:

- Routine Testing
- Collection and transportation support
- Day-to-day operation and complete management
- Point of Care testing
- Quality Assurance Programme

Corporate **Medical** Services

We are equipped to meet all of an organisation's healthcare requirements:

- Retainership Services
- Pre-employment check-ups for staff, senior executives and offshore employees
- On-site medical services
- All types of vaccinations and related certificates
- Special discounts for insurance holders on excluded services
- Seminars and health days to educate staff about key health issues and raise general health awareness

Our Clients

Our impressive client roster includes several health professionals, private individuals, hospitals, corporate organisations, educational institutions, religious organisations, and government. Recent clients include:

- Central Bank of Nigeria(CBN)
- Pure Health Medical Supplies LL.C (Dubai, UAE)
- ECOWAS
- United Nations
- Julius Berger
- Cigna
- African Natural Resources and Mines Ltd.
- Transcorp Hilton Hotels
- Nigerian Christian Pilgrim Commission
- National Hajj Commission of Nigeria – NAHCON
- Exxon Mobil
- Setraco Nigeria Limited
- Niger Delta Development Commission (NDDC)
- African Diving Services
- ANA industries ltd
- Baker Hughes
- BGP/CNPC International Nigeria Limited
- Glassforce Limited
- Halliburton Energy Services
- Hartman offshore Nigeria Ltd
- Lufthansa Airlines
- Welltec Oilfield Services
- Zenith Bank Plc
- HeirsHoldings Oil & Gas Ltd
- Notore Chemical Industries PLC
- Petrolog Group Nigeria Ltd
- Project Masters Nigeria Ltd
- Service Medicals International
- Weco Engineering & Construction Company Limited
- Welltec Oilfields Services Nigeria Ltd
- Yinson Operations & Production West Africa Ltd
- Abia State Government
- Imo State Government
- 34 Artillery Brigade of Nigeria Army, Obinze.
- Imo State Oil Producing Area Development Commission (ISOPADEC).
- Broad Oak Schools, Owerri.

Our goal is to become the preferred healthcare professional and patient's choice for quality, accurate diagnostic testing and fast turn-around times. Through the pre-installation, installation, management and replacement cycles of our equipment and parts, we maintain our philosophy of strict adherence to clinical global best practice and compliance with health authority regulations.

MEMBERSHIPS/REGISTRATIONS/APPROVALS

We are registered with and approved by:

- Medical Laboratory Science Council of Nigeria (MLSCN)
- Radiographers Registration Board of Nigeria (RRBN)
- Nigeria Society of Human Genetics
- Nigeria Center for Disease Control (NCDC)
- Department of Medical and Diagnostics of Health & Human Services Secretariat, FCT, Abuja
- Health Facility Monitoring and Accreditation Agency (HEFAMA), Lagos State
- Ministry of Health, Imo State of Nigeria
- Presidential Taskforce on COVID-19

Corporate Social Responsibility

Everight Healthcare Foundation is a Non-Profit Charity Organization Founded in 2017

It is a CSR initiative of Everight Diagnostic & Laboratory Services Ltd (Center for Molecular Science and Genetic Studies).

The Everight Healthcare Foundation exists to assist Nigerians obtain equal access to the best healthcare. Our activities are driven by our firm belief that good healthcare is meant for all, irrespective of income, social class or any other factor that seems to classify or separate us as humans.

Since we began operations in 2017, we have executed over 10 projects across several states in Nigeria including the FCT and reaching over 300,000 people. In our fight against cervical cancer, we have also carried out HPV screening for over 8,000 women from July 2020 till date.

We love to preserve lives, to see every Nigerian in good health, to recreate the joy that good and formidable healthcare provides to families and together with your support tackle diseases that have set themselves against the human race.

Programs and Initiatives

The Everight Healthcare Foundation has outlined some initiatives and programs to undertake in the coming years. These initiatives and programs are categorized under the focus areas of the Foundation:

Health

1. Cancer Awareness Programs - these include free testing for early detection, technical support to hospitals and patients through our effective referral systems, awareness drives and training of healthcare providers in community health centres.
2. Medical Outreaches - these include case management, basic health screening, annual one-day workshops that provide opportunities for free medical care, check-ups and treatment as well as free medication.
3. Bill Adoption Program - we offer free testing for patients who have been hospitalized and have challenges procuring testing in anticipation for work up or surgical/ medical treatment procedures. We adopt the cost of their testing bills and make access to treatment and care more affordable. We also provide hospital bill annulment and beneficiary programs for people who cannot afford to pay their hospital bills or have been denied treatment for that reason. This project prioritizes support for indigenes. A few cases are currently awaiting help on this list.

Education

- i. Trauma Care and First Responder Training
- ii. Hygiene Awareness
- iii. Nutrition Training
- iv. Reproductive Health & Preventive Medicine

Project Sponsorship & Grants

We co-sponsor and partner with health organizations as well as provide grants to support humanitarian response to emergencies and short term interventions that are within our thematic areas. Eligible for application are not-for-profit organizations fully registered and operational in Nigeria and possess verifiable experience in the area for which they seek grant.

Special Projects

1. **Feed a Child Program** - the foundation embarks on a food drive annually through partnerships with food and agro industries. We provide:
2. **Wash Program** - In partnership with municipalities, state government and community based organizations to provide stable water supply for the communities

Management Team

Only Those Led by the Best Can be the Best

Okpara Everest

Chief Executive Officer/Managing Director

Mr Okpara Everest is the Chief Executive Officer/Managing Director and Chairman of Everight Diagnostic & Laboratory Services Ltd. He has been at the helm of the affairs of the Company since its inception and has demonstrated a strong entrepreneurial spirit, an unwavering commitment to meet stakeholders' expectations, a track record of building exemplary and lasting business relationships as well as a reputation for timely completion of projects.

In 2017, he founded Everight Healthcare Foundation, a charity organization that promotes health awareness and mobilizes free healthcare resources for the less privileged. He has led the Foundation to sponsor medical treatments of less privileged persons in Nigeria and to donate food items, face masks, hand sanitizers to alleviate the negative impact of the COVID-19 pandemic, including the donation of more than 100 handwashing machines to public institutions, banks, hospitals, schools etc

In 2005, he formed Everight Diagnostic & Laboratory Services Ltd. Under his leadership, Everight Diagnostic & Laboratory Services Ltd developed molecular capabilities in 2019, became the first private laboratory to obtain special approval from the Medical Laboratory Council of Nigeria to offer COVID-19 PCR tests in Nigeria and one of the first set of laboratories that were approved by Nigeria Center for Disease Control for real-time COVID-19 PCR test.

Prior to the creation of Everight, he worked with Sympathy Pharmaceutical as a Sales Manager from 1994 to 2004

Everest Okpara is the National Public Relations Officer of the Nigerian Association of Chambers of Commerce, Industry, Mines and Agriculture (NACCIMA). He is also the President of the Owerri Chamber of Commerce, Industry, Mines and Agriculture (OCCIMA). Before he emerged as the President of OCCIMA, he had served the Chamber in different leadership capacities as former Acting President, former Deputy President and NACCIMA Youth Coordinator in the South East region of Nigeria.

He holds an MBA degree in business Administration and Management, a B.Sc in Industrial Relations and Personnel Management from the Lagos State University, a certificate in Healthcare Management from Lagos Business School and a certificate in Biostatistics and Epidemiology from Johns Hopkins Bloomberg School of Public Health, USA.

Roseline Obianuju Okpara

Deputy Managing Director

Mrs Okpara Roseline Obianuju, the Deputy Managing Director, joined the Company as the Manager of the Customer Care Department in 2012. In 2015, she was appointed the Human Resources Manager, a position she held till May 10, 2019, before she became the Company Secretary. She was elevated to the position of Deputy Managing Director in 2021. She is a strategic analyst with strong general business acumen and administrative proficiency, whose contributions to the growth of the Company are invaluable. She joined the Board of Directors in 2016

Mrs Okpara Roseline earned a Master of Business Administration (MBA) degree in Business Management from Lagos State University in 2016. In 2004, she graduated with a Bachelor of Science (B.Sc) Honour in Economics from the University of Nigeria, Nsukka.

Ugwu Jude

Director/General Manager

Mr Ugwu Jude Anene, the General Manager, was employed by the Company as a Laboratory Assistant in 2005. Following his rich experience in medical laboratory services, ingenuity, and sedulousness, he was appointed the Laboratory Manager in 2011. He is currently the General Manager of the Company, which he assumed in 2013. He joined the Board of Directors in 2016.

Having studied at the School of Medical Laboratory Science of the Lagos University Teaching Hospital (LUTH), Lagos, Nigeria, Mr Ugwu became an Associate Member of the Medical Laboratory Science Council of Nigeria (AMLSCN) in 2009 with a bias in Clinical Chemistry. In 2003, he graduated with a Bachelor of Science (B.Sc) Honour in Microbiology/Biochemistry from the University of Nigeria, Nsukka. Before his university education, he obtained an Ordinary National Diploma (OND) in Science Laboratory Technology in 1996.

He has more than Fourteen years of experience in Medical Laboratory Science. Mr Ugwu Anene Jude did his National Youth Service Program Corps program at Woman and Children Hospital Gusau, Zamfara State, as a Laboratory Assistant from 2004 to 2005. He is known for his expertise and dedication to his duties, and he has coached lots of upcoming laboratory scientists.

Professor Godwin Chukwuemeka Ojiegbe

Director of Medical Laboratory Services

Professor Ojiegbe Godwin Chukwuemeka joined the Company as Director of Medical Laboratory Services in July 2019

He obtained a Master of Science in Medical Microbiology from the University of Nigeria, Nsukka, in 1985. He attended the City of London Polytechnic/Northwick Park Hospital and clinical Research Center, Middlesex, the UK, from 1973-to 1976. He became a fellow of Medical Laboratory Science of Nigeria in 1976; fellow of the Institute of Medical Laboratory Science in 1975; a fellow of Biomedical Sciences in 1975; associate member of the Institute of Medical Laboratory Science, London in 1973

Professor Ojiegbe has worked in several capacities in medical laboratory practice. He was a medical laboratory science officer at Northwick Park Hospital and Clinical Research Center, UK, from 1973 to 1976. He has been a professor of Medical Laboratory Science since 2007.

Dr. Agbo Ezra

Chief Operating Officer

Dr Agbo Ezra Ogbonnaya joined the Company as a Consultant Pathologist and Chief Operating Officer in 2021. He is a Medical Laboratory Scientist, Medical Doctor, Medical Biochemist, Clinical Pathologist (Laboratory Physician) and Chemical Pathologist.

Dr Agbo Ezra Ogbonnaya became an Associate of the Medical Laboratory Science Council of Nigeria (AMLSCN) in 2006. In 2007, he obtained a Bachelor of Medical Laboratory Science (Chemical Pathology) from Ambrose Alli University, Ekpoma. Also, he earned a Bachelor of Medicine and Bachelor of Surgery (MB; BS) from the University of Nigeria Nsukka in 2012. He graduated with a Master of Science (MSc) in Medical Biochemistry from the University of Nigeria, Nsukka. Dr Agbo became a Member of the West African College of Physicians (MWACP [Lab Med]) in October 2016, a Fellow of the Nigerian Medical College of Pathologists (FMCPPath) in May 2019 and a Fellow of the West African College of Physicians (FWACP [Lab Med]) in October 2019.

His areas of interest include Nutrition and Metabolism, Cancer Biology, Geriatric Medicine and Gerontology, Laboratory Methodologies and Instrumentations, Clinical Laboratory Governance etc.

Dr Segun Samson Akindokun

Consultant Radiologist

Dr Akindokun Segun Samson, a Consultant Radiologist, joined the Company in 2021. He obtained a Bachelor of Medicine and Bachelor of Surgery (MBBS) degree in 2006. He became a fellow of the West African College of Surgeons (Radiology) in 2017. In 2020, he earned certificates in Leadership and Management in Health as well as in Fundamental of Global Health Research

He has co-authored Tuberculous cervical lymphadenitis, "the dangerous masquerade": another unusual presentation of EJBPS. ISSN 2349-8870, 4(6) 521-525 and COVID- 19 and Global Lockdown: Impacts on Nigeria's inertia for transition to the online educational delivery system. IJERT Vol 11(1). Moreover, he has attended several conferences/training to augment his skills. The training includes GIT Radiology, Interventional and Vascular Radiology, Manuscript was written and methodology, Ethics and Health management, Emergency Radiology etc.

Dr Samson is a member of the National Postgraduate Medical College (Radiology), Nigeria Medical Association, Medical and Dental Consultants Association of Nigeria and a Fellow of the Association of Radiologists in Nigeria (ARIN)

Dr Andrew Emeka Emedoh

Consultant Pathologist

Dr Andrew Emeka Emedoh, a Consultant Pathologist, joined the company in 2019. He is a highly organized fellow, efficient in fast-paced clinical settings and always willing to go the extra mile in medical research.

He earned a Bachelor of Medicine, and Bachelor of Surgery (MBBS) degree from the University of Nigeria, Nsukka, in 2007. Dr Andrew Emeka Emedoh has been a Fellow of the Medical College of Pathology since 2017.

Dr Andrew has expertly mentored several medical laboratory scientists and supervisors. He pays attention to detail, analytical thinking, innovation, excellent leadership and integrity.

Dr Andrew Emeka Emedoh is a member of the Medical and Dental Consultant Association of Nigeria (MDCAN) and the Association of Clinical Chemistry of Nigeria (ACCN).

Dr Isuajah Chukwuka

Consultant Molecular Pathologist

Dr Isuajah Chukwuka Emmanuel was trained and worked as a Family Physician for many years before further specialising as a Clinical Pathologist and Laboratory Physician.

He has worked in many private and public, local and international hospitals and laboratories, including as a consultant Clinical Pathologist at Synlab.

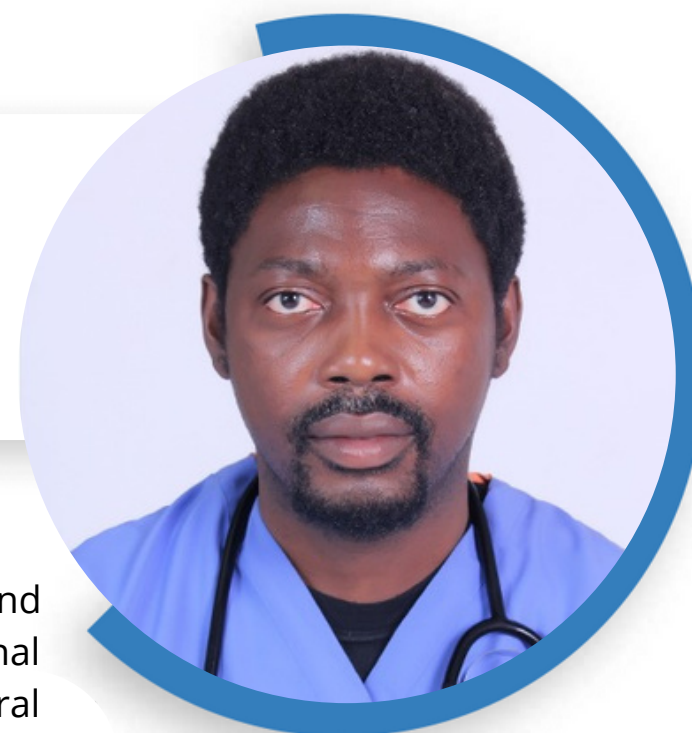

He has a first-class Master's in Clinical Pathology, an Associate Fellow of the Medical College of Physicians Faculty of Family Medicine, and a Fellow of the National College of Physicians Faculty of Pathology. He is a Fellow West African College of Physicians Faculty of Laboratory Medicine.

He has publications in local and international reputable journals.

He is a consultant Pathologist and the Head of Cooperate Affairs at Everight diagnostics LTD.

Dr Simeon Ojonuba Omonoji

Chief Sonologist

Dr Omonoji attended the University of Ilorin, graduated with an MBBS degree (2009), and became a member of MDCN in 2010. In 2016, he became a member of the International Society of Ultrasound in Obstetrics and Gynaecology (ISUOG). He has attended several courses in Sonography and obtained a PGDip in Sonography in New Delhi, India, in 2019, as well as a member of the Association of Medical Ultrasound Practitioners of Nigeria (AMUPN) in 2020. He also has certification in Leadership in Health management (LIMH) and Project management in Global Health (PMGH) from the University of Washington, Seattle. Dr Simeon is an Eminent Peace Ambassador and member of the International Association of World Peace Advocates (IAWPA).

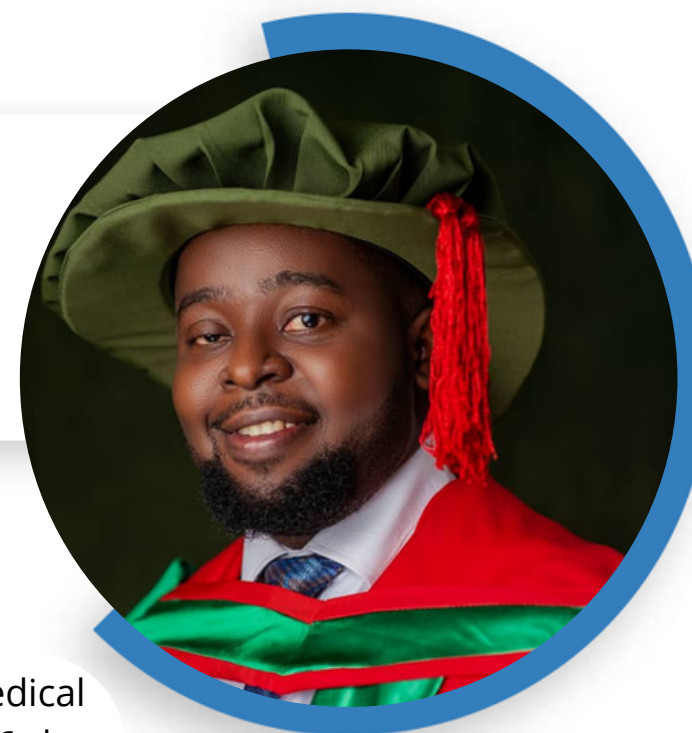

Aloysius Sopuruchukwu Aleke

National Laboratory Manager

Mr Aloysius holds a Master of Science (M.Sc.) degree in Medical Laboratory Sciences (Chemical Pathology) from Nnamdi Azikiwe University, Awka. He obtained a Bachelor of Medical Laboratory Science degree from Ladoke Akintola University of Technology (LAUTECH), Ogbomoso, 2010. He is a versatile laboratory manager par excellence and a research-oriented scientist trained as a medical laboratory and molecular scientist, certified medical laboratory quality management professional and certified public health logistics and supply chain professional. His research interests include cancer biology and genomics, human genetics, infectious diseases and immunity, behavioural medicine and stress physiology. He is a great problem solver, meticulous and has impeccable interpersonal skills.

Dr. Chidozie Elochukwu Agu

Quality Control Manager

Dr Chidozie attended the University of Calabar, graduated with a Bachelor of Medical Laboratory Science degree (2012), and became a member of AMLSCN in 2013. In 2016, he obtained his Master's degree in Chemical Pathology at the University of Calabar. He then attended the University of Nigeria, where he received his doctorate in Medical Laboratory Science (Chemical Pathology) in 2021.

He also has certification in Project Management in Global Health from the University of Washington and a certificate in implementation research focusing on diseases of poverty from Tropical Disease Research / W.H.O. Dr Chidozie is a member of the African Society of Laboratory Medicine (ASLM).

Peter Ijara

Administrative/Strategy Manager

Peter Ijara joined Everight Diagnostics in April 2021 in the capacity of Administrative and Strategy Manager. He schooled at the University of Nigeria Nsukka and Federal Polytechnic Nekede Owerri. He has a Master of Business Administration(MBA) and a Master of Science(M.sc). He is wrapping up his Doctor of Philosophy(Ph.D). He is a Chartered Institute of Management Consultants (CIMC) member. Before joining Everight Diagnostics, he had a fulfilling sixteen-year career in the Financial sector (Commercial banking). He rose to the rank of Branch Manager and Area Manager(relief).

Solomon Ogbodo

Chief Radiographer

Ogbodo Solomon Chinedu is a graduate of Radiography from Nnamdi Azikiwe University in 2011. He holds a post-graduate diploma in Magnetic MRI from the Radiographers Board of Nigeria.

With a decade of clinical and administrative experience, he believes in going the extra mile to ensure the production of globally reproducible results, even from a local environment.

Nwodu I. Kenneth

HR Manager

Mr Nwodu, I. Kenneth, the Admin/Human Resource Manager, has been with the Company since August, 2016. He has high moral energy, mental ability and strong communication skills. He is a self motivated, resourceful, conscientious person with high degree of administrative, finance and human resource management competences.

He earned a master degree in Business Administration (Finance) from Cardiff Metropolitan University, United Kingdom in 2013. In 2006, he graduated with Bachelor of Science (Economics) from Imo State University, Owerri. At present, he is professional student of the Institute of Chartered Accountant of Nigeria (ICAN) at Skill level.

Mr Kenneth is known for multitasking, tact, taking initiative and administrative expertise.

James Shedrack Enemona

Chief Accountant

Mr James Shedrack has been with the Company as a chartered accountant since 2019. He has a depth understanding of the accounting life cycle and standards with outstanding skills in problem-solving. He became a Fellow of the Institute of Credit Administration of Nigeria (FICA) in MAY 2022, an ISO 9001:2015 Certified Lead Auditor in November 2021, also an Associate Member (ACA) of the Institute of Chartered Accountant of Nigeria (ICAN) and also an Associate Member (AAT) of Accounting Technicians Scheme West Africa (ATSWA) in 2018 and 2016 respectively.

In 2017, he graduated with a Second Class Upper Bachelor of Science degree in accountancy from Kogi State University.

Other certifications are; Certified Scrum Fundamental (CSF), Six Sigma Yellow Belt (SSYB), Digital Marketing Fundamentals (DMF),
